Mr. Nelson said they would accept it in accordance with the present advanced state of the country. He said the North had no right to interfere with slavery. He thought that the Crittenden propositions were the very ones on which to base a plan to save the country, and he ones on which to base a plan to save the country, and an was glad that the good old man had thus been able at this period, so near the close of his mortal life, to offer propositions of such a conciliatory character. And when he was gathered to an honored grave by a mourning people, to meet in the upp r world the noble Henry Clay, they would shake hands in joy over the returned hopes of their country in that happy land. BRIDGET .- Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills-but I'm thinking that's not just it naither; but perhaps ye'll be

after knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relieved her before.

Druggist.—You must mean Spalding's Cephalic Pills
Bridget.—Och! sure now and you've sed it; here's the quarther, and giv me the Pills and don't be all day about it aither. about it aither:

Constipation or Costiveness. No one of the "many ills that flesh is heir to" is s revalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness, or seden-tary habits, it is regarded as a sught disorder of too little consequence to excite anxiety, while in reality it is a precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attend-ant, are Headache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of frightful tery, Diarrhea, Apoplexy, Epilepsy, Paralysis, Hysteria Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom Not unforquently the diseases named originate in Con pation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive considerations to follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will ex-pel the insidious approaches of disease and destroy this dangerous foe to human life,

A Real Blessing. Physician .- Well, Mrs. Jones, how is that headsche Mrs. Jones.—Gone! Doctor, all gone! the pill you sent cured me in just twenty minutes, and I wish you ould send more so that I can have them handy.

Physician.—You can get them at any Druggists. Call Physician. To the art of the property of the p

TWENTY MILLIONS OF DOLLARS SAVED.—Mr. Spalding has sold two millions of hottles of his cell-brated Prepared Glue, and it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaimed an aggregate of twenty minions of donars rectained from total loss by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Headaches will soon vanish away like snow in July.

incident to close attention to business or study, are among the numerous causes of Nervous Headache. The lisordered state of mind and body incident to this dis-ressing complaint is a fatal blow to all energy and amtressing companies a total blow to all energy and am-bition. Softerers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear.— It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stom-ach which always accompanies and aggravates the disor-dered condition of the brain.

FACT WORTH KNOWING.—Spalding's Cephalic Pills are a certain cure for Sick Headache, Bilious Headache, Ner, vous Headache, Costiveness and General Debility.

the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pex, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forestiten.

Told you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the losthing and digust at the sight of food. How totally unfit you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use as occasion requires.
